PROFILE

Final-year undergraduate at Tokyo International University majoring in Digital Business and Innovation, with a strong foundation in business strategy, digital transformation, and innovation management. Experienced in partnerships, stakeholder engagement, customer-facing roles, and team coordination, with a strong interest in business development. Academic projects and professional experience have strengthened my communication, problem-solving, and collaboration skills, while allowing me to use data-driven insights and digital tools to improve efficiency, customer experience, and business outcomes.

EDUCATION

Tokyo International University (TIU) — **Ikebukuro, Japan**, 2023 - PRESENT

BSc. in Digital Business and Innovation

REFERENCES

References can be provided upon request

Store Staff (Part-Time) — **Tokyo, Japan**
UNIQLO Frente Sasazuka Store — July 2025- January 2026

- Provided bilingual support to Japanese and international shoppers.
- Identified customer needs and recommended suitable products.
- Supported sales-floor and cashier operations.
- Maintained a positive and efficient customer experience.

Receptionist (Part-Time) — **Tokyo, Japan**
Street Kart Shibuya Annex — Jul 2024 – Aug 2025

- Welcomed and assisted Japanese customers and international tourists.
- Coordinated customer needs in a fast-paced environment.
- Resolved customer queries and issues efficiently.
- Strengthened cross-cultural communication and customer service skills.

International Exchange Staff (Part-Time) — **Tokyo, Japan**
Tomonokai Corporation — 2025 - July 2026

- Led small-group English communication sessions for 5–6 students.
- Designed interactive activities to improve speaking and listening skills.
- Encouraged participation through clear communication and structured coordination.

ACTIVITIES & ORGANIZATIONS

Vice President, TedxTIU — **Tokyo, Japan**
Tokyo International University — 2023- 2025

- Began as a Speakers Committee Member, identifying and approaching potential speakers both within TIU and externally for the annual TEDxTIU event.
- Progressed to Speakers Leader, coordinating the speaker team, assigning responsibilities, and managing speaker sourcing and communication.
- Promoted to Vice President, serving for one year and overseeing approximately 100 members across multiple event teams.
- Coordinated team leaders and committees, ensuring effective communication, task allocation, and progress toward event objectives.
- Played a key role in planning and organizing the annual TEDxTIU event, coordinating teams and supporting smooth event execution.

PROJECTS

AI Powered Event Theme Generator — November 2025
Tokyo International University

- Built a tool generating colour palettes, décor ideas, music, and activities in one event moodboard.
- Developed for TEDxTIU mini-events and later implemented within the club.
- Improved planning efficiency by 15% for a four-person team, reducing time spent on event ideation.

SQL-Powered Graduate Career Platform — June 2026
Tokyo International University

- Built an SQL-powered database platform - matching graduates with master's programs, careers, and internships based on skills and career interests.
- Developed as a class project using mock data to test matching and database functionality.
- Currently being developed for a pilot launch within the university.
